

Decodable Texts using HFW for Reception

As much as possible, the texts incorporate the 45 HFW from the Reception Year and additional regular words, which can all be decoded and blended. **Reception Year HFW are in bold.** **ASP and tricky bits in words are underlined.**

Bob, the Dog

Reception HFW are in bold. ASP and tricky bits are underlined. Decode and blend all words as the first strategy for reading.

Bob, the **dog** fell into the river. He got wet. Today he looks ill. He needs to see a vet.

"Can you take him?" said Mum.

"Yes," I said. "The vet is good with sick pets."

The vet made Bob well.

Bob had a good sleep and lots of food.

Today he is going to the park with me to play.
